

List of Programmes that can be used by the DETA AP

Diseases caused by BACTERIA	Diseases caused by VIRUSES
E. coli L-form	Adenovirus complex
Streptococcus L-form	Adenovirus
Actinobacillus	Asian flu A
Bacterial infections	Rabies virus
Morgan's bacillus	Measles virus 1
Bacteroides fragilis	Measles virus 2
Bacillus lichenformis	Papilloma virus
Bordetella pertussis 1	Epstein — Barr virus 1
Bordetella pertussis 2	Epstein — Barr virus 2
Borrelia 1	Hepatitis A
Borrelia 2	Hepatitis B
Borrelia 3	Hepatitis C 1
Borrelia 4	Hepatitis C 2
Borrelia 5	Hepatitis C 3
Branhamella catarrhalis	Shingles 1
Brucella abortus	Shingles 2
Brucella melitensis	Shingles 3
Bubonic plague	Shingles 4
Gardnerella vaginalis	Shinges (1)
Gonorrhoea	Genital Herpes Herpes simplex I 1
Diphtheria	Herpes simplex I 2
A-hemolytic streptococcus	Herpes simplex I 3
E. coli 1	Herpes simplex I 4
E. coli 2	Herpes simplex I 5
Clostridium botulinum	Herpes simplex II
Clostridium difficile	Herpes simplex IU.2
Legionella	Herpes type C
Leptospira	Herpes, common frequencies 1
Listeria	Herpes, common frequencies 2
Lactobacillus	Flu with respiratory component 1
Nanobacteria	Flu with respiratory component 2
Peptostreptococcus	Flu with respiratory component 3
Pyogenic streptococcus	Coxsackie virus (general) Coxsackie virus (B1)
Pneumocystis carinii	Coxsackie virus (B2)
Proteus	Coxsackie virus (B3)
Pseudomonas mallei	Coxsackie virus (B4)
Pseudomonas aeruginosa	Coxsackie virus (B5)
Rickettsia	Coxsackie virus (B6)
Salmonella (general)	Measles
Salmonella paratyphi B	Respiratory syncytial virus, RSV
Salmonella group B	Retrovirus
Salmonella typhi	Triple reassortant influenza
Salmonella typhimurium	Cytomegalovirus

Hay bacillus	ECHO virus
Syphilis	Enterovirus 1
Staphylococcus (general)	Enterovirus 2
Coagulase-positive staphylococcus	Enterovirus 3
Staphylococcus aureus	Epidemic parotitis 1
Tetanus 1	Epidemic parotitis 2
Tetanus 2	Epidemic parotitis 3
Streptococcus (mutated)	
Streptococcus (general)	Diseases caused by FUNGI
Hemolytic streptococcus	
Streptococcus pneumoniae 1	Actinomyces israelii
Streptococcus pneumoniae 2	Alternaria tenuis
Streptococcus-staphylococcus infection	Aspergillosis (general)
Tuberculosis (1)	Aspergillus glaucus
Tuberculosis (2)	Aspergillus niger
Tuberculosis (3)	Aspergillus terreus
Avian tuberculosis	Aspergillus flavus
Bovine tuberculosis	Aflatoxins
Friedlander's tuberculosis [Klebsiella]	Basidiomycetes
Tuberculosis	Secondary candidiasis
Tuberculin	Geotrichum candidum
Tularemia	Gliocladium
Helicobacter jejenum	Dematium nigrum
Helicobacter felis	Candida 1
Helicobacter pylori	Candida 2
Chlamydia (general)	Candida (general)
Chlamydia pneumoniae	Candida carcinomas
Chlamydia trachomatis	Candida tropicalis
Cholera	Cladosporium fulvum
Shigella	Cryptococcus neoformans
Enterococcus	Cryptosporidium
	Mycosis fungoides 1
Diseases caused by PROTOZOA	Mycosis fungoides 2
	Mycosis fungoides 3
Amoeba	Mycosis (general) 1
Babesia	Mycosis (general) 2
Blastocystis hominis	Mycosis (general) 3
Histoplasmosis	Microsporium audouinii
Cryptosporidium	Microsporium canis
Leishmania brasiliensis	Mucor mucedo
Leishmania donovani	Mucor plumbeus
Leishmania tropica	Mucor racemosus 1
Lambliia intestinalis	Mucor racemosus 2
Malaria (general)	Nocardia asteroides
Malaria	Penicillium notatum 1
Mycoplasma (general)	Penicillium notatum 2
Mycoplasma pneumoniae	Penicillium rubrum

Mycoplasma plumonis	Penicillium crysogenum 1
Mycoplasma salivarium	Penicillium crysogenum 2
Protozoa	Rhizopus nigricans
Toxoplasma	Sporotrichum pruinosum
Trypanosoma gambiense	Streptothrix
Trichomonada	Trichophyton mentagrophytes
Ureaplasma	Trichophyton rubrum
Cyclospora	Trichophyton tonsurans
Entamoeba histolytica 1	Trichophytia nagel 1
Entamoeba histolytica 2	Trichophytia nagel 1
	Trichophyton (general)
Diseases caused by PARASITIC WORMS	Fusarium oxysporum
	Cephalosporium
Helminthic infection (general)	Epidermophyton floccinum [floccosum]
Parasitosis detoxification	
Undifferentiated helminths 1	
Undifferentiated helminths 2	
Nematodes (general) 1	
Nematodes (general) 2	
Parasitosis (general 1)	
Parasitosis (general 2)	
Parasitosis (general 3)	
Parasitosis (general 4)	
Parasitosis (general 5)	
Parasitosis (general 6)	
Parasitosis (general 7)	
Strongylus	
Distomiasis (general)	
Intestinal distomiasis	
Lymphatic distomiasis	
Hepatic distomiasis	
Pancreatic distomiasis	
Trichina	
Fasciola hepatica	
Filariasis	
Schistosoma haematobium	
Schistosoma mansoni	
Enterobius vermicularis	
Enchinococcus multilocularis	
Helminth eggs
